The parties in this matter agree to the terms and conditions of the attached Stipulation as the final disposition of this matter, subject to the approval of the Medical Examining Board (Board). The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

1. Respondent Leah N. Ederer, M.D. (DOB July 7, 1978), is licensed in the state of Wisconsin to practice medicine and surgery, having license number 48304-20, first issued on June 21, 2005, with registration current through October 31, 2019. Respondent's most recent address on file with the Wisconsin Department of Safety and Professional Services (Department) is Prairie Clinic, SC, 112 Helen Street, Sauk City, Wisconsin 53583.

2. Respondent is a family practice physician and practices in Sauk City, Wisconsin.

3. On January 18, 2019, the Department received a Claims Paid Report reflecting a settlement paid to resolve a disputed claim that Respondent failed to timely diagnose placental abruption and failed to timely deliver an infant resulting in hypoxia, brain damage and death four days post-delivery.

4. Between May and October 2016, Respondent provided prenatal care to Patient A, a female born in 1991.

5. On October 27, 2016, Patient A presented to a hospital emergency department with complaints of painful contractions. She was seen by a nurse who communicated with Respondent by phone. The nurse informed Respondent that electronic fetal monitoring strips showed late and prolonged decelerations, but that Patient A's blood pressure was stable.

6. Respondent did not immediately come to the hospital to evaluate Patient A and instead ordered that she be given 1 liter of fluid. Approximately 1 hour later, the same nurse called Respondent and indicated the fetal monitoring strips had improved, and Respondent ordered that Patient A be admitted overnight for observation.

7. On October 28, 2016, the nurse called Respondent and reported that Patient A had developed increased blood pressure, severe headache and vomiting. Respondent ordered labs and indicated she was coming in to see Patient A.

8. Respondent managed Patient A's labor and delivery until she underwent an emergency c-section performed by another provider. Patient A's infant was born severely compromised due to hypoxia and died four days after delivery.

9. Respondent failed to timely assess Patient A and failed to timely consider and then execute an emergency c-section.

10. Respondent consents to entry of the following Conclusions of Law and Order.
